Reporting an Incident of Alleged Bullying

Students are encouraged to promptly report claims or incidents of bullying or harassment to the principal or assistant principal. Students may choose to report to a person of the student's same sex. Complaints will be kept confidential to the extent possible given the need to investigate. Students who make good faith complaints will not be disciplined.

Students may also choose to anonymously report claims or incidents of bullying or harassment using an online form located on each building level internet website. The link button is titled: Student Safety – Incident Reporting.

Investigation

The District shall conduct a preliminary investigation into any report of alleged bullying to determine whether the reported act of bullying is within the permissible scope of the District's jurisdiction. The District shall provide the victim of the reported bullying with information regarding services that are available within the District and community, such as counseling, support services, and other programs.

Thereafter, upon receiving a report of bullying or harassment, the District will conduct an investigation into the allegations contained in such a report. The District will promptly notify the parents or guardians of all students involved in the alleged incident(s) of bullying and/or harassment, and will advise the parents or guardians of the students involved of the resources available to the students, including social work services, counseling, and school psychological services. The District shall also promptly notify the principal or school administrator or his or her designee of the report of the incident of bullying or harassment as soon as possible after the report is received.

The District shall make all reasonable efforts to complete the investigation within ten (10) school days after the date the report of the incident of bullying or harassment was received, taking into consideration additional relevant information received during the course of the investigation concerning the reported incident.

Through the course of its investigation, the District shall involve appropriate school support personnel and other staff persons with knowledge, experience, and training on bullying investigation as deemed appropriate.

The District shall also make information concerning the status of the investigation available to the parents or guardians of all students involved in such investigation. The parents or guardians of the students involved shall have the opportunity to meet with the principal or school administrator, or his or her designee, to discuss the investigation, any findings resulting there from, and any actions taken to address the reported bullying or harassment.

Any District employee or student of the District who is determined to have retaliated against any person reporting an act of bullying or harassment will be subject to disciplinary action up to and including discharge with regard to District employees, or suspension or expulsion with regard to students.

Evaluation of Policy

On a periodic basis, and no less than bi-annually, the District shall review and re-evaluate the effectiveness of this policy by considering factors including but not limited to: the frequency of reports alleging bullying or harassment; any student, staff, or family observations regarding safety at school; identification areas of a school where bullying occurs; the types of bullying being utilized; and the frequency and extent of bystander intervention or participation. The District may also use relevant data and information collected for other purposes in its evaluation of this policy. In addition, the information developed as a result of the policy evaluation will be made available on the District's internet website. Based on such review and re-evaluation, the District will make any necessary revisions to this policy as it deems appropriate.

Bullying is contrary to state law and the policy of the school district.

Schools shall implement steps for early intervention, including staff responses and identifying factors to combat aggressive behavior or bullying.
